Ultra battery saver

Ultra battery saver
Restricts most power-consuming features
in order to leave basic functionality (e.g.
calls, SMS, and selected apps) available
as long as possible

Ultra battery saver activates the following restrictions:

• Dark theme
• Restrict background activity
• Restrict power-consuming activity (sync, GPS,
  vibration, Always-on display, etc.)
• Allow selected apps to work normally

Turn off automatically
Turn off Ultra battery saver automatically
when the battery is 50% charged
